To Whom It May Concern,

Oceanside Plaza Condominium has been in the process of a 40 year building rectification over the past four years. A major part of the structural damage was related to the deterioration of our suspended pool. After contacting numerous contractors everyone steered us directly to their "go to" guy, Zack Tanner, owner of ZTI LLC. It seems that he is well known and respected in the industry.

Mr. Tanner was personally on the jobsite supervising the structural repairs prior to his team applying the waterproofing, tiles, and plumbing. They did an excellent job and I would recommend ZTI to anyone needing pool repair.

Thank You,

Mark Solow
